

DCMA Instruction 934

Inspector General: External Audit

Office of Primary Responsibility	Office of Internal Audit and Inspector General
Effective:	December 21, 2017
Releasability:	Cleared for public release
Reissues and Cancels:	DCMA-INST 934, "External Audit," September 12, 2016
Internal Control:	Process flow and key controls are located on the Resource Page
Labor Codes:	Located on the Resource Page
Resource Page Link:	https://360.dcmsa.mil/sites/policy/DM/SitePages/934r.aspx
Approved by:	David H. Lewis, VADM, USN, Director

Purpose: This issuance, in accordance with the authority in DoD Directive 5105.64, establishes policy, assigns responsibilities, and provides instructions for DCMA Internal Audit and Inspector General External Audits, which ensure external audits are authorized, written responses to external audit reports fully represent the position of the Agency, and all agreed upon corrective actions are fully implemented.

SUMMARY OF CHANGES

This Instruction was rewritten. Agency users and stakeholders should read this Instruction in its entirety. The following identifies the most notable changes:

- Incorporate new name change from the Office of Independent Assessment to the Office of Internal Audit and Inspector General (OIA-IG)
- Renames DCMA-INST 934, “External Audit” to “Inspector General: External Audit”
- Changes the coordination inbox from DMI.Inbox@dcma.mil to InternalReviewTeam@dcma.mil

SECTION 1: GENERAL ISSUANCE INFORMATION

1.1. APPLICABILITY. This issuance applies to the Internal Audit Team (IAT) assigned to the DCMA Office of Internal Audit and Inspector General (OIA-IG) and all DCMA employees involved in audits conducted by external auditors. Actions from this Instruction affect external audit agencies that include DCMA as part of an audit.

1.2. POLICY. It is DCMA policy that:

- a. All DCMA personnel will have access to a fair and impartial Inspector General (IG).
- b. A selected, qualified, and appointed Assistant IG for Auditing is essential to the effective and efficient management and operation of DCMA external audit functions.
- c. The Assistant IG for Auditing will report directly to the DCMA IG. This may not be further delegated.
- d. It is DoD and DCMA Policy that DoD audit organizations will have full and unrestricted access to all personnel, facilities, records, reports, databases, documents, or other information or material in accomplishing an announced audit objective when requested by an auditor with proper security clearances.
- e. DoD Components should cooperate fully with other DoD Components, federal agencies, state and local government agencies, and nongovernmental agencies and respond constructively to and take appropriate actions on the basis of audit reports from other DoD Components and non-DoD organizations.
- f. OIA-IG will consult and coordinate their activities with the DoD Inspector General (DoD IG) to enhance effectiveness, increase efficiency, and minimize conflict and redundancy.
- g. The proper protocol for external audit notification is for external auditors to use the OIA-IG, IAT inbox at InternalReviewTeam@dcma.mil for delivering their intent to perform an audit within DCMA. External auditors occasionally make unexpected and unauthorized contact with DCMA personnel. Any DCMA employee who receives an unexpected/unauthorized contact from an external auditing organization must refer them to the IAT inbox. Auditees shall provide the external auditors access to information when the proper protocol is followed.
- h. The OIA-IG, IAT will determine whether the external auditor has followed DCMA protocol and is authorized to conduct an audit. Typically, DoD service audit agencies, federal auditors, and inspection agencies, including Independent Public Accounting Firm, are not allowed access unless by specific agreement with DCMA or at the behest of the DoD IG in accordance with the Public Law 95-452 Inspector General Act of 1978.

SECTION 2: RESPONSIBILITIES

2.1. DIRECTOR, DCMA. The DCMA Director will:

- a. Ensure the Agency is in compliance with DoD Directive (DoDD) 5105.64, “Defense Contract Management Agency.”
- b. Review, approve and sign (or delegate Signature Authority as appropriate) final Agency responses to audit Draft/Final Report and Follow-up requests.

2.2. EXECUTIVE DIRECTOR/INSPECTOR GENERAL, OIA-IG. The Executive Director, OIA-IG will:

- a. Adhere to IG quality standards of integrity, objectivity, independence, professional judgement, and confidentiality.
- b. Coordinate and monitor access permitted to external auditors from DoD Components, non-DoD federal agencies, or contracted companies for any review that requires access to DCMA records or other information from DCMA Components.
- c. Ensure that the assigned duties of the Assistant IG for Auditing and IAT staff do not impede with their abilities to be independent, or create a conflict of interest.
- d. Ensure external audit agencies are informed of DCMA protocol for coordinating responses to audit Draft/Final Report and Follow-up inquiries.
- e. Coordinate and address IG issues with the DoD IG.
- f. Maintain all external audit records in accordance with record retention policies.
- g. Report to the Director on the status of a new audit, Draft/Final Report, Follow-up request and all open Level IV recommendation(s).
- h. In accordance with applicable laws, policies, and regulations, provide assistance, including subject matter experts as necessary, to other IGs and staffs in performance of their duties.
- i. Validate all Agency responses before final coordination with General Counsel (GC) and the Director. When necessary, this may be delegated to the Assistant IG for Auditing.

2.3. OIA-IG, IAT. The OIA-IG, IAT will:

- a. Possess professional proficiency for the tasks required in accordance to the Generally Accepted Government Auditing Standards.

- b. In all matters relating to audit liaison duties, be free, both in fact and appearance, from impairments to independence; must be organizationally independent; and must maintain an independent attitude.
- c. Ensure professional judgment is used in conducting audit liaison tasks.
- d. Act as the liaison between the external auditor and the DCMA Component Head/Point of Contact (POC).
- e. Coordinates with the headquarters (HQ) directorates or organizational component with the most cognizance over the audit to obtain DCMA POC information to subsequently provide it to the external auditor.
- f. Set and communicate audit suspense dates to Component Heads and POC to ensure timely DCMA responses.
- g. Coordinate Agency comments/responses for audit Draft/Final reports, and Follow-up requests.
- h. Track the status of all findings/recommendations and conduct trend analysis related to those findings to provide regular status reports/briefings to the DCMA Director as required.

2.4. COMMANDERS/DIRECTORS/EXECUTIVE DIRECTORS, INTERNATIONAL AND SPECIAL PROGRAMS (SP) DIRECTORATES; ORGANIZATIONAL COMPONENT. The Commanders/Directors will:

- a. Designate a POC within two business days of request and serves as the primary focal point and coordinator for all external audit findings/recommendations under their purview.
- b. Delegate specific roles to local audit POCs and inform OIA-IG, IAT of all personnel involved.
- c. Review Draft/Final Report findings and recommendations to provide responses as required.
- d. Review/approve final audit response and Action Memorandum then forward to the IAT inbox InternalReviewTeam@dcma.mil by established suspense date.

2.5. POINT OF CONTACT (POC). The POC will:

- a. Attend and participate in entrance/exit conferences organized by the external auditor.
- b. Be responsible for audit coordination upon audit assignment to include hosting the external auditors, providing access, workspace, data, and personnel for answering questions during the audit.

- c. Coordinates the date, time, and location of entrance/exit conferences; prepare the minutes; and sends a copy to management.
- d. Notify the IAT through the InternalReviewTeam@dcma.mil inbox of any site visits scheduled and subsequently completed.
- e. Prepare an Action Memorandum when the response is to be signed by the Agency Director.
- f. Coordinate audit responses and Action Memorandum through the applicable Component Head (s)/Capability Manager for the specified audit area.

2.6. GENERAL COUNSEL (GC). HQ GC provides legal services to support the Agency. GC will conduct a review to proposed comments on audit Draft/Final Reports and Follow-up requests. When mediation is required, GC communicates directly with the external auditor during the mediation process.

SECTION 3: PROCEDURES

3.1. ENTRANCE CONFERENCE. Entrance conferences are held in order for all to understand the external auditors' intent and for the external auditors to generally form their plan using Agency expertise. The entrance conference may be requested by either the external auditor or the POC.

a. Notification of Entrance Conference. Generally, the external auditor notifies the OIA-IG, IAT of the need for an entrance conference. They determine whether it will be at their work location or at DCMA HQ and whether there will be additional entrance conferences at each local entity being audited. The OIA-IG, IAT shall coordinate the entrance Conference. Agency POCs are notified of the entrance conference. Video and audio teleconferencing capabilities are used to achieve participation by local POCs.

b. Entrance Conference Minutes. Preparation of entrance conference minutes is the responsibility of the POC. For subsequent field entrance conferences, the POC or local POC coordinates the date, time, and location; prepares the minutes; and sends a copy to their management. Minutes include a list of attendees and the key discussion points, decisions, actions, and conclusions formed during the meeting. A specific format is not prescribed.

3.2. EXTERNAL AUDITOR SURVEY AND REVIEW. Coordination of the audit once it reaches the normal work execution levels shall be performed by a local audit POC, normally an activity delegated from the cognitive Component Head. The OIA-IG, IAT will log the audit into the Agency Corrective Action Plan Library database under the "Audits" – "Internal and External Audit Log".

a. External Auditor's Data Access Rights. External auditors shall have access to personnel and data that are involved within the general scope and within the broad subject matter of the audit. As a general rule, external auditors have full access to personnel, facilities, records, reports, databases, and documents in accomplishing their announced audit objective. Access issues are resolved at the lowest levels, but the chain of command is used where agreements cannot be reached. Outright refusal should be avoided, and the OIA-IG, IAT will be contacted for swift assistance for helping the external auditors understand the issues, with GC and POC assistance as necessary. The "Director, DCMA" may make a recommendation to the Office of the Secretary of Defense that the auditors are refused access.

b. DoD Component, Non-DoD Federal Auditors, and Independent Public Accounting Firm. The OIA-IG, IAT will coordinate with the DoD IG on authorized access for the external auditor.

c. Use of Local Security Offices. Local security offices are involved if access to classified information is requested. Normal protection of classified data is not waived under any circumstances, and clearances and need-to-know are confirmed with the local security officer and POC. The POC will notify the OIA-IG, IAT auditor when access to classified information is required. The OIA-IG, IAT auditor will request security letters or notification of visit forms from the external auditor. The OIA-IG, IAT will notify the POC when the local security officer has confirmed the external auditor's level of clearance.

d. Disclosure of Information. Disclosure of information that is governed by the Privacy Act of 1974 will be in accordance with the Act and amendments.

e. Release of Budget Information. Budget information is released only to the DoD IG and in accordance with OMB Circular A-11. Requests for documents that originated outside DCMA are referred to the originating authority.

f. Release of Contractor Proprietary Information. Contractor proprietary information may be released to DoD IG and to Government Accountability Office because these audit organizations are bound to provide the same protections to information as DCMA. All information shall have appropriate protective markings. For other audit organizations, release is on a case-by-case basis in accordance with proper authority. The OIA-IG, IAT in coordination with GC provides assistance in obtaining answers to disclosure questions, if necessary.

g. Release of Evaluation Findings. Release of internal audit results, performance assessments, or other internal evaluation findings shall be coordinated with the OIA-IG, IAT.

3.3. AUDIT TERMINATION LETTER. In some instances, after the survey phase of an audit, an external auditor decides to terminate the audit. The external auditor submits a formal “Audit Termination Letter” to DCMA via the OIA-IG, IAT inbox. The letter states that the audit activity has ceased and gives a general reason for the termination. The OIA-IG, IAT shall notify all POCs of the termination.

3.4. EXIT CONFERENCE. The external auditor can schedule a final exit conference to discuss audit results that encompass all the locations where audits took place. If one is not scheduled, DCMA may request one if preferred. The OIA-IG, IAT shall coordinate the exit conference and invite the POC.

SECTION 4: COORDINATION

4.1. REPORT RESPONSE COORDINATION. The draft reports, comes directly to the OIA-IG, IAT inbox and the IAT, consulting with the Assistant IG for Auditing, determines whether a response is necessary. The OIA-IG, IAT will request the applicable Component Head and their designated POC prepare the coordinated Agency response within the established timeframe. The OIA-IG, IAT shall coordinate with the external auditors in cases when the response due date is unreasonable or unable to be met. The OIA-IG, IAT monitors achievement of the response within the required timeframe and re-negotiates for additional time when needed. Last-minute requests for additional time can be viewed negatively as being nonresponsive. All personnel are responsible for timely responses.

a. OIA-IG, IAT encourages input to the response from all POCs or working-level auditees. The POC shall retain responsibility for compiling a response that reflects a unified agency perspective consistent with previous Agency audits.

b. The POC will prepare an Action Memorandum when the response is to be signed by the Agency Director. Both the audit responses and Action Memorandum shall be coordinated, reviewed, and approved through the applicable Component Head/Capability Manager for the specified audit area. Where multiple functional areas have been audited, the POC ensures that all areas have reviewed the response.

c. If the Agency response must deviate from the response of individual auditees, the POC is responsible for relaying the underlying reasons for the deviation to the auditees. The POC sends a draft response to the OIA-IG, IAT for confirmation that the response is sufficient for the contents of the draft report. The OIA-IG, IAT shall provide recommendations for any inconsistencies but does not directly change any portion of the response.

d. OIA-IG, IAT will coordinate with the HQ GC for review and comments on any proposed responses prior to being forwarded to the Director for signature. Once the audit response has been signed, the OIA-IG, IAT forwards the scanned response and supporting documentation to the external auditor.

4.2. DISTRIBUTION OF FINAL REPORT. Upon receipt of the Final Report, the OIA-IG, IAT shall distribute to all executives involved in the audit. If a response is required, the same process for responding to a draft report is followed.

4.3. FOLLOW-UP. Recommendations and required changes may be included in the final report. The Component Head/Capability Manager is responsible for timely implementation of policy changes and other corrective action stated in the response to recommendations. The external auditor will conduct follow up on open recommendations to verify that corrective actions have occurred. Upon receipt of a follow up request, the same process for responding to a Draft/Final report is followed. Once an audit is closed, requests for further information are rare. The OIA-IG, IAT determines whether the request for more information is a short extension of the original audit or whether it could lead to significant audit work. In the case of the latter, an entrance conference is requested, and the process starts over with a new audit. The request for

more information is coordinated with the applicable Component Head/Capability Manager, and assigned POC.

4.4. MEDIATION. On rare occasions, the process continues if there are unresolved issues. Mediation can be suggested by either party when an impasse is reached on a particular issue. Sufficient time is afforded to both parties for preparation of their rationale packages. Mediation involves the Component Head/Capability Manager with assistance as needed from the POC, OIA-IG, DoD IG, OIA-IG - Assistant IG for Auditing, and GC. If DCMA is requesting mediation, the request is signed by the Director. The request is delivered by the OIA-IG, IAT to the DoD IG Policy and Oversight Division for notification to the applicable auditing organization.

GLOSSARY

G.1. DEFINITIONS.

Policy. Rules and requirements approved by the Director used throughout the Agency to efficiently and effectively comply with higher authority policy and mission objectives. Policy must provide clear and concise direction to policy users and policy users must adhere to policy when performing their duties.

Qualified. Trained to a satisfactory level of competence in an IG DoD-approved IG training course.

GLOSSARY

G.2. ACRONYMS.

DCMA	Defense Contract Management Agency
