## SECTION 1: GENERAL ISSUANCE INFORMATION

### 1.1. APPLICABILITY.

a. This Manual applies to:

(1) All DCMA active duty military members and their dependents, 18 years of age and older.

(2) National Guard and Reserve members who are sexually assaulted when performing active service, IAW Section 101(d)(3), of Title 10, United States Code and inactive duty training during drill weekends.

(3) All DCMA civilian employees.

(4) U.S. citizen DCMA contractor personnel when they are authorized to accompany the Armed Forces Outside the Continental United States.

b. This Manual does not apply to victims of sexual assault perpetrated by a spouse or intimate partner, or military dependents under the age of 18 who are sexually assaulted. The Family Advocacy Program, IAW DoDM 6400.01, Volume 2, "Child Abuse and Domestic Abuse Incident Reporting System," provides services to those individuals.

### 1.2. POLICY. It is DCMA policy to:

a. Execute this Manual in a safe, efficient, effective and ethical manner.

b. Establish and implement the Agency's Sexual Assault Prevention and Response (SAPR) program pursuant to this Manual, DoDD 6495.01 Sexual Assault Prevention and Response Program, and DoDI 6495.02 Sexual Assault Prevention and Response Program pProcedures. Unrestricted and restricted reporting options are available to service members and their adult military dependents. DCMA civilian employees and contractor personnel have access to limited SAPR services, defined as assistance of a Sexual Assault Response Coordinator (SARC), and SAPR Victim Advocate (VA), and are eligible to file unrestricted reports of sexual assault, IAW this Manual.

c. Assist in creating an organizational culture, free of sexual assault through an environment of prevention, education and training, standard response protocols, victim support, and appropriate accountability that enhances the safety and well-being of all DCMA personnel. DCMA is committed to preventing sexual assault and will not tolerate, condone, or overlook sexual assault, or the behaviors that lead to sexual assault. DCMA SAPR Program goals are to create an organizational climate that eradicates sexual assault incidents; encourages bystander intervention; encourages victims to report incidents without fear; ensures sensitive and comprehensive treatment is provided to restore a victim's health and well-being; and ensures appropriate administrative and disciplinary action is taken, when necessary.

d. A sexual assault victim may disclose information to whomever they choose. A report is considered an official DoD case of sexual assault when:

(1) Defense Department Form (DD Form) 2910, "Victim Reporting Preference Statement," is signed and filed with a SARC or SAPR VA

(2) Military Criminal Investigative Organization (MCIO) or Civilian Law Enforcement Agency (LEA) initiates an investigation

(3) DCMA employee was either on Federal property or working in an official capacity/pay status when the sexual assault occurred.

e. DCMA SAPR Program focuses on the victim and doing what is necessary and appropriate to support the victim's recovery.

f. Standardization of DCMA SAPR Program requirements, terminology, guidelines protocols, and training materials focus on awareness, prevention, and response at all levels, as appropriate.

g. Information regarding restricted reports should only be released to persons authorized to accept restricted reports or as authorized by law or DoD regulation. Improper disclosure of confidential communications under restricted reporting or improper release of medical information are prohibited and may result in disciplinary action or other adverse personnel or administrative actions.

h. Information regarding unrestricted reports should only be released to persons with an official need to know or as authorized by law. Improper disclosure of confidential communications under unrestricted reporting or improper release of medical information is prohibited and may result in disciplinary action or other adverse personnel or administrative actions.

i. All unrestricted reports of sexual assault will be immediately reported to an MCIO or appropriate law enforcement officials. A Commander/Director or Component Head may not conduct an internal or command-directive investigation on sexual assault allegations (i.e., no referrals to appointed command investigators or inquiry officers).

j. Sexual assault victims will be protected from retaliation, ostracism, maltreatment, and reprisal IAW Section 1709 of Public Law 113-66.

k. Supervisors will receive specialized SAPR training that explains their roles in the event of a sexual assault report.

l. Supervisors in the victim's chain of command are required to take appropriate measures to protect the victim against retaliation, reprisal, ostracism, or maltreatment, when they become aware of the allegations.

## **SECTION 3: REPORTING OPTIONS AND SEXUAL ASSAULT REPORTING PROCEDURES**

**3.1. REPORTING OPTIONS.** Service members who are sexually assaulted have two reporting options: unrestricted and restricted reporting. Unrestricted reporting is favored by the DoD; however, unrestricted reporting may represent a barrier for victims to access services when the victim desires no command or DoD law enforcement involvement. However, DoD recognizes a fundamental need to provide a confidential disclosure vehicle via the restricted reporting option. Service Members and their adult military dependents 18 years of age and older, who are victims of a sexual assault perpetrated by someone other than a spouse or intimate partner, may file an unrestricted or restricted report of sexual assault. DCMA civilian employees and their family dependents, 18 years of age and older, are only eligible to file an unrestricted report, and may receive limited SAPR services. These services are limited to the assistance by the R-SARC, and assignment of a SAPR VA. DCMA contractors are only eligible for unrestricted reporting and may receive limited emergency care medical services at a Medical Treatment Facility when performing duties Outside the Continental United States.

a. The unrestricted reporting option triggers an investigation, command notification and allows a person who has been sexually assaulted to access healthcare treatment and the assignment of a SAPR VA. When a sexual assault is reported through unrestricted reporting, the R-SARC must be notified; respond or direct a SAPR VA to respond; offer the victim healthcare treatment and a Sexual Assault Forensic Examination (SAFE); and inform the victim of available resources. A victim may not change from an unrestricted to a restricted report. If a SAFE is provided, R-SARC/SAPR VA, will ensure they are familiar with the local law and policies on what hospitals can perform a SAFE; the hospitals' policies for payment of a SAFE; and local law enforcement policies for storage of SAFE evidence.

b. The restricted reporting option does not trigger an investigation. The command is notified that "an alleged sexual assault" occurred but is not given the victim's name or other personally identifiable information. Restricted reporting allows Service Members and adult military dependents who are adult sexual assault victims, to confidentially disclose the assault to specified individuals (R-SARC, SAPR VA, or healthcare personnel (HCP)) and receive healthcare treatment and the assignment of a SAPR VA. The restricted reporting option is only available to Service members and adult military dependents. Restricted reporting may not be available in a jurisdiction that requires mandatory reporting, or if a victim first reports to a civilian facility or civilian authority, which will vary by State, territory, and overseas agreements. A victim may convert a restricted report to an unrestricted report at any time. The conversion to an unrestricted report will be documented with a signature by the victim and the signature of the R-SARC or SAPR VA in the appropriate block on the DD Form 2910. Only the R-SARC, SAPR VA, or HCP are designated as authorized to accept a restricted report.

c. A Non-Participating Victim is a victim who chooses either restricted or unrestricted reporting. Applicable guidelines are:

(1) Details regarding the incident will be limited to only those personnel who have an official need to know. The victim's decision to decline to participate in an investigation or

prosecution should be honored by all personnel charged with the investigation and prosecution of sexual assault cases, including, but not limited to, Commander/Director or Component Head (O-6/GS-15/NH-IV and above), DoD law enforcement officials, and personnel in the victim's chain of command. The victim will be informed by the R-SARC or SAPR VA that the investigation may continue regardless of whether the victim participates.

(2) The victim's decision not to participate in an investigation or prosecution will not affect access to the R-SARC or SAPR VA services, medical and psychological care, or services from a Special Victims' Counsel (SVC) or Victims' Legal Counsel. The SVC and VLC will be made available to all eligible military sexual assault victims.

d. In cases where a victim elects restricted reporting, the SAPR PM, R-SARC, SAPR VA, and HCP may not disclose confidential communications or the SAFE and the accompanying kit, to law enforcement or command authorities, either within or outside the DoD. Exceptions to this policy are listed in DoDI 6495.02. Unless an exception applies, R-SARCs, SAPR VAs, and HCP are prevented from disclosing any confidential communications under restricted reporting. Improper disclosure of confidential communications or improper release of medical information are prohibited and may result in disciplinary action or other adverse personnel or administrative actions.

e. If information about a sexual assault comes to a Commander's/Director's or Component Head's attention from a source other than a victim (victim may have elected restricted reporting or where no report has been made by the victim), that Commander/Director must immediately report the matter to either the SAPR PM, R-SARC or SAPR VA, who in turn will notify the MCIO or local law enforcement, and an official investigation may be initiated based on that independently obtained information.

f. In establishing the restricted reporting option, DoD recognizes that a victim may tell someone (i.e., roommate, friend, family member) that a sexual assault has occurred before considering whether to file a restricted or unrestricted report.

(1) A victim's communication with another person does not, in and of itself, prevent the victim from later electing to make a restricted report. Restricted reporting is confidential, not anonymous, reporting. However, if the person to whom the victim confided the information (i.e., roommate, friend, family member) is in the victim's chain of command or DoD law enforcement, there can be no restricted report.

(2) Communications between the victim and a person other than the R-SARC, SAPR VA, HCP, assigned SVC/VLC, legal assistance officer or chaplain are not confidential and do not receive the protections of restricted reporting.

### **3.2. REPORTS AND COMPONENT HEADS.**

a. The DCMA SAPR PM or R-SARC will provide the Component Head with information regarding all unrestricted reports within 24 hours of an unrestricted report of sexual assault.

b. For the purposes of public safety and command responsibility, in the event of a restricted report, the DCMA SAPR PM or R-SARC, will report non-personally identifiable information concerning sexual assault incidents (without information that could reasonably lead to personal identification of the victim or alleged assailant) to the Component Head, within 24 hours of the report.

**3.3. REPORTING RETALIATION, REPRISAL, OSTRACISM, SEXUAL HARASSMENT, OR MALTREATMENT.** Victims can seek assistance on how to report any of the aforementioned allegations from:

- a. The R-SARC, SAPR VA, or SVC/VLC.
- b. A SARC, at a different installation or organization, which can be facilitated by the DoD Safe Helpline.
- c. Their immediate Component Head, or CMO Commander/Director.
- d. A Component Head or CMO Commander/Director or Component Head outside their chain of command.
- e. Service Military EO Office or DCMA EEO Office to file a complaint of sexual harassment.
- f. The MCIO, or local law enforcement, immediately, if the allegation is of an act that is criminal in nature and the victim filed an unrestricted report.

## **SECTION 4: TRAINING REQUIREMENTS**

### **4.1. MANAGEMENT OF TRAINING REQUIREMENTS.**

- a. Component Heads, Commanders/Directors, supervisors, and managers at all levels will be responsible for the effective implementation of the DCMA SAPR Program.
- b. Component Heads, Commanders/Directors, supervisors, and managers at all levels will advocate a robust SAPR program and provide education and training that will enable them to prevent and appropriately respond to incidents of sexual assault.

**4.2. GENERAL TRAINING REQUIREMENTS.** DCMA SAPR training requirements will be IAW DoDI 6495.02, Enclosure 10, and apply to all Service members and DCMA civilian personnel:

- a. At a minimum, SAPR training will be completed annually by all DCMA personnel.
- b. SAPR training will include scenario-based discussions, and small group facilitation that is interactive and requires group participation.
